

Easter Activities – Monday 23rd March

Dear Parents/Carers

On Monday 23rd March your child will be making an Easter Garden as part of our RE learning. We will provide the foil tray and soil for each child and they will need some additional items to help turn it into a special Easter Garden.

Please see the list below for ideas of suggested items to bring into school on the day, in a **named plastic bag**.

Items children could bring in include:

- Small pebbles to make paths etc
- A Stone to represent the tomb
- Wood/twigs to make a cross
- Flowers and foliage for decoration (please check nothing poisonous!)
- Chicks etc to show new life
- Shiny items for pond/water (nothing breakable please)
- Other natural items

Please do not send any edible items, including chocolate eggs.

Weather permitting, we will display the completed Easter gardens in the playground at home time and then the children can take them straight home with them.

Thank you for your support and help with this.

Kind regards

C Dale
